Work Experience

Writing Producer | Game Design and Art Collaboration (GDA) January 2026 - June 2026

- Coordinated narrative development for a student-run game production team across an 8 sprint development cycle, tracking progress using GitHub issues.
- Led 20 writing department meetings and 16 work jams in a team of 200+ developers.
- Organize story assets, revisions, character dialogue concept documents, and feedback to keep the writing team aligned and on schedule.

Resident Assistant | University of California: Santa Cruz September 2025 - Present

- Built community for 35 residents by mediating roommate conflicts and organizing 6 social programs with over 265 cumulative attendee interactions.
- Led 83 intentional interactions to check on residents' well-being, provide resources, and build connection.
- Improved residents' satisfaction of dorm life by 41%.
- Took 28 night-time on-call shifts to respond to 4 on-campus crisis situations, support students who experienced Title IX incidents, and enforce campus policies.

Music Composer | DINK: The Musical June 2024 - January 2026

- Composed 20 minutes of music, 5 soundtracks, and assisted with 1 composition.
- Recontextualized 5 leitmotifs to enhance character development and storytelling.

Projects

Better Life (Video Game) - In Progress

- Developing an **interactive narrative driven game** as a solo developer.
- Creating in-depth characters, morally complex puzzles, and high-stakes gameplay.
- Learning Godot, C#, Aseprite, Miro, Excel, and project planning skills.
