Work Experience

Writing Producer | Game Design and Art Collaboration (GDA) September 2025 - Present

- Leading the writing department in a team of 200+ student game developers.
- Organizing tasks, reviewing progress, and providing style guidance to student writers.
- Communicating with producers across departments to track progress and tasks.

Resident Assistant | University of California: Santa Cruz September 2025 - Present

- Fostering community and relationships between myself and 35 residents.
- Assisting 35 residents with moving in, adapting to dorm life, and resolving conflicts.
- Taking night time and 24-hour on-call shifts to respond to policy and safety concerns.

Music Composer | DINK: The Musical June 2024 - November 2025

- Composed 20 minutes of music, 5 soundtracks, and assisted with one composition.
- Recontextualized musical motifs and themes to enhance character development.
- Communicated with the director and 20 crew members to maintain consistent style.

Projects

Better Life (Video Game) - In Progress

- Developing an **interactive narrative driven** game as a solo developer.
- Creating in-depth characters, morally complex puzzles, and high-stakes gameplay.
- Learning Godot game engine, C# language, asset creation, and project planning skills.
- Tools using: Godot, C#, Aseprite, Excel.
