# Kevin Bozarth

Narrative Designer | Game Writer | Level Designer | Composer
Sammamish, WA | (425)-xxx-xxxx | kevin.c.bozarth@gmail.com | in/kevin-bozarth

## Skills

**Programming:** C#, Python, JavaScript, HTML, CSS, GDScript
**Software:** Google Tools, AI Tools, GitHub, Visual Studio Code, Visual Studio, Trello, Miro, Unity, Godot, Phaser, Construct 3, Inky, Twine, Arcweave, Figma, Blender, Aseprite, MuseScore

## Experience

**Camp Counselor |** Girls Make Games June 2026 - July 2026

- Led the production of a 4-member team's platformer game over a 10-day development timeline, managing scope, assisting with debugging, and tracking progress.
- Created 4 custom pixel art animations and tilemap assets that catered to students' specifications, cutting $100 in asset costs.
- Taught a group of 16 students the Construct 3 game engine over 5 days.

**Writing Producer |** Game Design and Art Collaboration (GDA) January 2026 - June 2026

- Coordinated narrative development for an 8-sprint development timeline in a studio of 200+ developers, using GitHub Issues to track and merge 100% of the writing department's tasks on schedule.
- Led 20 writing department meetings, 16 cross-department work jams, and 18 producer meetings, totaling 61 hours of team collaboration.
- Organized 24 story assets, revisions, and character dialogue concept documents.

**Resident Assistant |** University of California: Santa Cruz September 2025 - Present

- Led 83 intentional interactions to check on residents' well-being, provide resources, and build connections, increasing 35 residents' satisfaction with dorm life by 41%.
- Produced and edited an educational video on Title IX amnesty and the Responsible Action Plan, reaching a student audience of 30,000+ views across digital platforms.
- Built community for 3,000+ residents residing in dorm buildings by organizing 6 social programs with over 265 logged cumulative attendees.
- Managed 28 night-time on-call shifts, serving as the first responder to 4 on-campus crisis situations and supporting students who experienced Title IX incidents.

**Composer & Audio Producer |** DINK: The Musical June 2024 - January 2026

- Revised 3 music tracks to perfectly synchronize with newly recorded voiced lines, saving $300 in production costs and 10 hours in post-production timelines.
- Developed and recontextualized 5 recurring leitmotifs across 20 minutes of music to enhance character development and emphasize major plot catalysts.

## Education

**University of California: Santa Cruz** September 2023 - June 2027
*Bachelor of Science: Computer Science: **Game Design***
Relevant Coursework: Data Structures & Algorithms, Game Systems, Writing For Game Technologies, Interactive Storytelling, Game Development Patterns, Rapid Prototyping

**DigiPen Academy** July 2021, July 2022
Relevant Coursework: Computer Game Design, Music and Sound Design
